Professional Services

Basic services of Funeral Director and Staff **\$3750**

This is the charge to each family we serve for our professional expertise in assisting them. Our basic service charge includes a proportionate share of overhead expenses relative to our facility such as property taxes and insurance, building maintenance and utility expenses, secretarial and administrative costs, and equipment and inventory expenses. Also included in this charge is having staff available to respond to initial request for service, 24 hours a day, 365 days a year; arrangement conference with family or responsible party; preparation and filing of necessary certificates and permits; assistance with the placement of obituary notices; creation of a personalized Life Tribute web page on our website; planning of funeral arrangements; and coordination of service with cemetery, crematory, vault companies and others as required. This non-declinable fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremation, immediate burials, and forwarding or receiving remains.)

Embalming **\$ 745**

Embalming is the use of chemicals to disinfect a body both internally and externally, which eliminates certain known health hazards. An embalmer, properly licensed by the state of Illinois, must perform this process. Except in certain special cases, embalming is not required by law. Embalming may be necessary, however, if you select certain funeral arrangements, such as a funeral with viewing; shipping a body outside the state of Illinois; or holding the body more than 72 hours after death. If you do not want embalming, you usually have the right to choose an arrangement that does not require you to pay for it, such as a closed casket ceremony, direct cremation or immediate burial.
