“ Moka Family, I know this is a little late but I found about Moka's passing a while after it happened. I am so sorry that his life was ended much too early. He was a wonderful guy and he made my life at Whitney Young much happier, from 7th grade through senior year, Moka always smiled and picked on me and it helped me through the bad days. I wish I had known about his passing earlier so that I could have paid my respects in person. I am deeply sorry for your loss. He will be forever remembered in my heart and greatly missed.

“ Moka Family, I can't think of words to express how sorry I am for your loss. This is such a shock. There is no reason for someone so talented and caring to pass so young. I had just met Charles "Moka" Jr. at a leadership conference in May. We had several opportunities to talk over a meal and we would play spades until the early morning. In fact he patiently taught me how to play spades, and kept me laughing in the process. I also remember him volunteering to drive someone back to a suburb of Chicago even though it was a little out of his way. Moka had a contagious personality that I will never forget. I was really looking forward to running into him on campus this year and having more good times. Although I never got the chance to know him very well, he has left a lasting impression on my life. I will remember his laugh, his sense of humor, his compassion towards others, and most importantly his smile. I am very fortunate to have met such a great person. His spirit will live on in all of our hearts.

“ Moka family, I have so much appreciation for you for raising such an awesome human being Charles was. As a brother in his fraternity, I knew that he was definitely one in a million. I will never forget him and please know that Charles has touched so many people that while his body has passed, his spirit will live on for a very long time. God bless you all.
