

## Eileen Gormaly

November 12, 1953 - May 11, 2023

It is with great sadness that the Gormaly family announces the passing of their beloved sister, Eileen on May 11th 2023. Art was at the foundation of Eileen's life. In her early years, she studied piano and guitar, took up drawing, and performed in high school plays. Later Eileen attended NIU where she completed a master's degree in Urban Planning. After moving back to Chicago she attended Columbia College. It was Columbia College that was the gateway to the love of her life; music. Eileen spent the rest of her life doing what she loved: composing/producing music, writing lyrics, working in the studio, and performing at local venues throughout the Chicagoland area. Eileen loved the social arena of nightlife. She was a lively bartender for 50 years. Eileen was a devoted yoga student and a loving pet mom to her dog Sasha.

Eileen is survived by her brother Greg (Marita) sister Barbara, and nieces Alyssa and Jordan. She was preceded in death by her parents Greg and Lois and her sister Colleen.

A mass service will be held on Thursday, May 18th at 10:30 am at Holy Name Cathedral in Chicago.

“ I’m just an average YouTuber and music lover who stumbled across Alain Quinn recently. For weeks I have been playing Gate 5 almost daily as I got so much energy from Alain’s performance with her fellow musicians. I was deeply upset to discover she (Eileen) is no longer with us. I wanted to send love to everyone reading this that knew her. Loss is so difficult to deal with, my heart goes out to her family and friends.

“ So saddened by the passing of the without a doubt the most spiritual and kind person I have ever known  
When I met Eileen over 30 years ago, I knew I was in the presence of a very special person.  
I gave her the name of “ Twinkle” because she just had this celestial way about her  
I promise to keep your spirit and energy alive  
I know you are leading a Choir of Angels  
Your star will never fade

Eileen was a beautiful lady. I have known her since college at NIU. Always a free spirit and a good friend. She endured a long tough battle, always positive about life. My sincere condolences to her family and other friends.

“ Eileen performed at the Miss California USA pageant last June opening the show with a song she wrote. We had become friends through our mutual pal Michael Tafoya and when my daughter need a good act to open her first pageant as the director I introduced her to Eileen. She was fantastic and I got to spend two days with her. Also when I had cancer and was going to lose my hair she shared lots of knowledge with me and saved my hair. She was also a terrific producer of Tafoya’s album freedom and sang and played keys on it. She was a blessing to the world. No one I ever met was more uplifting and positive.

“ I met her at a conference in Chicago many years ago. I happened to order a drink at the bar she was working. Our conversation turned to music. She said that she had just finished a CD but was unsure and nervous about playing live. I said you just have to DO IT. Find a group of musicians that love the same music you do, and just do it, just go out there and play. We kept in touch over the years and tried to hang out when I was working in Chicago. On one occasion, I remember her thanking me for "making" her play live. She was a gifted musician and an amazing lady. She will be missed. RIP my friend, my Chicago trips won't be the same without our musical chats.

I remember talking to her only to find out, that she had a love for music and performing on stage. Plus she met Eric Clapton and ran into Roger Daughtry from the WHO. She has been a light in most people that knew her. She had been missed by all that knew her.

“ Alain and I were really good friends. We talked about music mostly and the last few years we shared our health concerns and exchanged stories with her music. She was writing some songs and planned on making another music video. She would ask me opinion on the work she was doing. She would give me her advice on staying positive. I always needed to be reminded of that . She was one of a kind and I will surely miss her smile and laughter

*Backstory with this photo but first, I am honored that this photo I did with Eileen was chosen to portray her in her natural outward and inward beauty. She would take the train and come to the northern burbs and do casual photo shoots with me a lot of times, and we would spend lots of time together and chatting about about friendship, photoshoots, the music biz, and she genuinely appreciated my opinion and perspective on music as a listener and photographer. And of course we talked about Sasha...a lot. Anyway with this shoot, I had her laughing about another shoot I did with Kris Kringel and Del Bennet on their I Said CD. They weren't smiling so I told them to talk about toothpaste. They started laughing, and the photo ended up as the back cover of their CD. Anyway, she laughed, and we wound up with this photo. This was taken at Hook Lake in Round Lake Beach, IL. I miss her already. Much love to you Eileen (Alain) Gene Steinman - Photographer*
