“ *My deepest condolences for your loss.*

*I am very grateful that Georgette was my friend both while at work and after she retired. No matter how much time had passed, we continued our relationship with ease. I loved her passion for teaching and helping her students; her ability to appreciate the simple joys of life from drinking iced tea in recycled jars to receiving homemade blueberry jam; and that she always listened my interests, even when she did not share them, graciously. Georgette was always very kind and supportive to me. I will miss her greatly.*

“ *Parker and Family,*

*While I never met Georgette, it is clear the impact she had on Parker's life. I'm sure she is proud of the man he is today. That in itself, is the greatest accomplishment a mother could ever have. Our thoughts and prayers are with everyone as Georgette smiles down from heaven.*

“ *I was very sad to learn of Georgette's passing. I will always have fond memories of our time together at Mather. She was a great help to me when I started teaching. She was always my "go to" person when I had a question. She still serves as a shining example of the kind yet challenging teacher I strive to be. My condolences on your loss.*

“ Dear Parker, Shannon, Ed, and all family members,

*I am so sorry to hear about the passing of your mom, wife , sister and grandmother. The world has lost a wonderful and kind person in Georgette. I can remember her generous times and efforts as the principal of Near North Montessori, and given Parker was my best friend growing up in Chicago, I also remember all the times spent in the Rohde household and seeing what a great person she was firsthand.*

*I know no words can lessen the pain and sadness, but I hope all the wonderful times together and memories generated can ease your hearts some as you look back on her life as well lived.*

*My mother and Zsolt also send their condolences.*

*With deepest sympathy,*

“ Hello Mr P, PРо, and Shannon. Few people have the sly character that MrsP would share whenever we had time together, she was funny, and genuine and radiant all at the same time.. she made the room lighter and brighter.. I suppose some of that was her faith and some just the principal magic she polished over her life journey.. I celebrate her goodness in Parker’s personality

Dear Parker,  
My condolences to you and your family at the loss of your mother. I met her once at your apartment many years ago. I remember her kind way of speaking and lovely sense of humor. As 2020 marches onward, I hope the sadness the end of her life has brought your family will fade into the happy memories of her goodness and presence in your lives.  
Sincerely, Kathleen Witt
