“ *I worked with John for six years at Fellowes, and I was able to learn a lot from him. He was the nicest and kindest person I have ever known. He also knew a lot of world history and even though i did not always understand all of it, he was always patient with me and explained it until i understood. He was always there for me whenever I needed him no matter how big or small the problem was, and I will greatly miss him. God Bless Paramjeet Gill*
