“ He made my life really difficult. It's very hard to see this man died because he will never be made to apologize for the trauma he caused me as a child. What he did to me and my wonderful family will never be forgotten. May God forgive him.

“ Dear Jeanne, So sorry to hear of John's passing. He was a giant at Ignatius and Loyola and CPS and the Principals Association. A cherished friend and colleague. It was an honor to serve as principal along side him. One of the best I ever met. John J Frantz (Ignatius '67 and Loyola '72).

“ So very sad to hear the news about John. I had the pleasure of being the engineer at Portage Park School and working closely with John. He was by far one of the best principals that I had the pleasure to work with and also an all around great colleague and friend. During the time we worked together we had the pleasure of building the Portage Park addition. At the completion John Reilly was honored to have the addition dedicated to him. I had the privilege to mount his dedication plaque and I will never forget this great man who highly deserved this recognition. Our deepest sympathy to Jeanne and the family. “ John Reilly was the kindest man I ever knew. I have known John since he was 22 and Jeanne since she was 14. They are and were wonderful friends. John was Kind, funny ,generous, loving and just plain good. Jeanne and John were a real love match from the start. Not many people have the loving marriage they had. But then again they are /were such good people. John made my life and so many lives better. He cared so much for his students, the teachers he worked with and later the teachers he mentored as principal. His was a life well lived and he will leave a hole in so many hearts.

“ Never gave up on me, many times you both could have and should have but never did. I hope to live my life in a way to make you proud and be able to embrace you again one day Dr Reilly. I wish you were still here for your family and friends but you have well earned your rest. RIP
