“ Nancy loved her family fiercely! It's mentioned so many times in the memories. There is no way anyone can get away with sneaky behavior now, she's always going to be watching! On a more serious note, Kevin you and your children and all of their children have a powerful angel guardian watching over you all. I hold all of you Maloney's close to my heart.

“ I worked with Nancy many years ago at Washington National. We'd run into each other here and there and stop to catch up. If you know Nancy at all you know of her deep love and dedication to her family. They were everything to her. Most recently we texted about her great grandbaby, Josie. She was the best Mom, grandma, and great grandmother, anyone could hope to have. Such love and strength was something I always admired about her. Much love and light to her family and all who loved her. She will forever be with you in everything you do. She laid such beautiful foundations for you all to build on. Know always she was so proud of each of you.

“ Nancy & I worked together on opposite sides of the country & only met once in person, but I will always remember her as a cherished friend. We loved to talk about our families. She often leant a shoulder to cry on as my mother battled cancer. There never was a more caring person. Family was everything to her. I admired her devotion to her mother, & she was head over heels for little Josie! Every conversation with Nancy left my heart a little warmer than before. She's undoubtedly earned her wings & will forever be watching over you, her loved ones, from her place in Heaven. I'm so grateful to have known her, even if just a little & for only a handful of years. I pray you all feel solace in the eternal presence of her precious spirit. May her loss only serve to further strengthen the family ties she held so dear. I will always love & miss Nancy. God bless each of you.
