“ *To Dan and Peggy's family: Peggy was a dear woman and a client of mine for almost 30 years. I had been sending e-mails and voice messages to her cell for months, with no response other than 1 e-mail saying she had been in the hospital for 2 weeks and would call soon. She never got back to me. On May 23rd, I left for vacation and tried again to reach her. I kept telling my friends that I thought she was dying. I will miss my visits with her greatly, as I know you will. Love, Canary*
