“ *So sorry for your loss, he was an excellent professor and had a wonderfully dry wit*

“ *Dick and I have been friends since our time together at IPS, Loyola. Even though I have moved many different places since leaving Loyola, I have continued to visit Dick and Ethel during my visits to Chicago. The last time I spoke to Dick was when he called to tell me of his second amputation. I treasured his friendship and send my prayers and sympathy. A Mass will be celebrated in our Chapel. “ *Jack and I so appreciated Dick's weekends with our parish, St. Francis Xavier, Wilmette. We had him for our first 6 years of a lay-planned retreat. We are his offspring, in the Spirit. A challenging man, who dared to speak truth about the church. Blessings.*

“ You all have lost so much in such a short time...it is almost more than a person can bear. Dr. Westley taught me at Barat and was an incredible person. His energy, depth, kindness, sincerity were an inspiration to the young girls he taught. You are ll in my prayers.
