“ *Sergio, you and I worked out back in 1976 at the 36th and Normal Gym. I was a very young guy, but will never forget it.*

“ *I remember seeing Sergio at the bodybuilder's store on the corner of Division and Winchester. He was bigger than life and one of the nicest persons I have ever met. Me and my sons still use the bench press that Sergio had built for me over 35 years ago. God bless him.*
