“ Frosty was one of the happiest volunteers at FHN. He always stopped and greeted me with a very cheerful Hello Carla. He was willing to help out our department in anyway he could. I remember in October late one evening (after locking my keys in my house) I finally was driving to my brother-in-laws house for a birthday party. The county road was blocked off for road construction. I had started down it before seeing the sign. I had to get turned around and came across a car. I was afraid since I was alone that night. When the gentleman got out of his car and started coming toward my car, he began to look familiar. When I started to roll down my window and saw it was Frosty, I was so happy to see it was him. He was always smiling when he spoke of his grandkids. We will miss his kind spirit. Our deepest sympathy to you at this time.

“ I was so saddened to hear of Tom's passing. Although I've known Tom for several years, it was my pleasure getting to know him better from working at the bank on Payne Rd. where he would pass through the drive up window always with a wave and smile...I will miss that. My sincere condolences to his family and many friends. He was an extremely nice man with a huge heart.

“ I was deeply saddened to hear about Tommy's passing; my condolences. I got to know him out at Rt.20 bar and grill. He always greeted me with a hug, a smile, and always had a joke or two to share. He was always friendly, fun, and shared his love for his grandchildren. He will be missed!
