“ *To my Uncle Wally, I will remember you always with the fondest of memories. You loved life and your laughter and smile were contagious. I shall forever keep you deep within my heart and pray you meet my husband, Richard, and your mother and my loving Nannie, in heaven above. You were all so special to me and I miss you all so much! May you be with us always in spirit and may you know that you shall never be forgotten. Love Always, your Niece Barbara*
