“ I have been searching for Whitney for years. We went to Talala Elementary School and we were best friends in first grade. Somehow, we crossed paths as I see she worked for Deloitte on Wacker in 2007 and I also worked on Wacker! It's heartbreaking to find she has passed. I will never forget her. ❤️

“ Dear Whitney,

Thank you, for however brief, the smiles you put on my face and the eyes you made glisten with your beautiful personality. I've spent a lot of time of late reminiscing about you with your friends. Your death helped create or strengthen friendships. You were intensely valued and loved by so many. Please know that.

I will honor you as best I can on what would have been your 44th birthday by just being kind to strangers and friends and family alike.

Love Jer

“ I am writing on what would have been your 43rd birthday. You're missed terribly by so many. No matter how much time had passed since I last saw you, I was just certain we would reconnect. I should not have rested on my laurels.

You were so radiant and kind. You could add luster to the dreary. Earth's loss is heaven's gain.

“ I just learned of your passing yesterday. My heart breaks for the world has lost a beautiful soul! So many memories! You made SUU and Poly Sci so much fun! I will always remember the late night girl talk and trips to St. George! I'm sad we lost touch over the years, but 20 years ago seems like yesterday! May you Rest In Peace my friend!!! 💔

“ On Sunday, I learned of your passing. I wish I had remained in touch with you after law school. I would move heaven and earth for a do-over. You were so special. Wherever you are, I hope you are at peace. Love Jer.

“ Through the heartache and Heaven; through the hell and the ultimate hope; through the questions and, surely, Christ—you will always be so very loved and missed. It gives me peace knowing that the circumstances and timing of your death are minimal in comparison to the soul you were and are, and where that soul is now. May God’s love be with you...
